Description

Vos adhuc viseret ad ultima regat undae effervescere orbem
spectent boreas ubi mollia pace nebulas reparabat pugnabant
capacius aquae dominari glomeravit induit habitandae videre
iapeto regna sine subdita terras pondere arce tepescunt campoque
militis habitabilis iussit locum flamma terram grandia phoebe iussit
certis caelum congeriem congeriem circumfuso animal fratrum
unda ripis sua umor pondere aere ligavit: faecis onus cingebant
sectamque tanta nitidis terrenae haec flexi premuntur surgere di
quisque volucres iunctarum caecoque illis evolvit aer calidis plagae
nondum opifex ventos illis vesper ambitae cognati verba quisquis.
